**Tools & Technologies:** Git, GitHub, Vercel, VS Code, Postman

## Projects

**SketchyStore – E-commerce Platform** - React.js, Redux, Firebase, Tailwind CSS **july 2025**

- Built a scalable e-commerce platform with React.js & Redux, integrating Firebase Authentication and Firestore database with protected routing system, enabling persistent user sessions and real-time data synchronization.
- Managed Cart, Wishlist, Profile, and Checkout features using Redux for efficient state management, improving state handling efficiency by 30%
- Designed and developed a responsive UI with Tailwind CSS, ensuring seamless performance across mobile, tablet, and desktop devices
- Project Link: sketchystore.vercel.app

**SpeakFlow – Speech-to-Text & Text-to-Speech Converter** **Aug 2025**

*Tech Stack: React.js, Tailwind CSS, Web Speech API*

- Developed a real-time speech recognition and text-to-speech conversion using the Web Speech API for an interactive user experience.
- Designed a fully responsive and accessible UI with Tailwind CSS, optimized for both mobile and desktop devices.
- Project Link: voice-converter-one.vercel.app/

## Certifications & Achievements

**Runner-up, Thematic Website Development Competition** - College Event **2025**

- Secured **runner-up** position, showcasing frontend development skills by building “Digital Freedom Gallery”, a responsive website.

**Professional Certifications:**

MERN Stack- SKDeft Technologies (60+ hours) | Java Programming - GeeksforGeeks (80+ hours)
